

New draft policy for the supply and funding of Insulin Pumps for patients with Diabetes Mellitus - survey

Your local NHS Clinical Commissioning Group (CCG) has worked with the other Clinical Commissioning Groups in Lancashire to develop a new policy which identifies when the CCG(s) will fund and supply insulin pumps for people with Type 1 diabetes. The policy explains the criteria which must be met before the CCG will fund these devices. We need and welcome your feedback as part of the development of this policy. Please help us by completing this survey.

Please read this data protection statement which explains how we will use the information we are collecting from you.

Only demographic detail is requested in order to monitor responses in accordance with the protected characteristics. No personal data is requested and should not be provided as the survey is anonymous and confidential. The information shared with client CCGs relates to themes and trends in responses and points of view on the proposed policy document.

Survey results and data will be securely held. Paper copies will be held in a locked room.

Survey material will be kept for a 5-year period.

Please tick here to confirm you have read and agree with the data protection statement above

Q1. Which CCG area do you live in?

NHS Morecambe Bay Clinical Commissioning Group	
NHS East Lancashire Clinical Commissioning Group	
NHS Fylde and Wyre Clinical Commissioning Group
